

**Restorative Questions**

(If it is a challenging situation, ask the person who has done the harm the questions first. If they are owning behavior, then bring in the person who was harmed and ask again. Each person should have a copy of the questions—no surprises. Then ask the questions of the one who has been harmed.)

☞ Before questions, be sure to take 4 of your 4 deep breaths. ☺

1. What happened?
2. What were you thinking at the time & since?
3. Who has been affected by what was done? In what way?
4. (for the one harmed) What has been the hardest thing for you?
5. What do you think needs to happen to make this right?

(Same questions may be phrased in the positive to have someone process the good impact their actions have if they did an act of kindness.)

**Preguntas que hacemos cuando el daño ha sido hecho.**

(Ambas, la persona que fue dañada al igual que la persona que hizo el daño se les hacen preguntas)

- #1.) ¿Qué pasó?
- #2.) ¿Qué estabas pensando en ese momento?
- #3.) ¿Qué has pensado desde entonces?
- #4.) ¿Quién ha sido afectado por lo que pasó? (y ¿Cómo?)
- #5.) ¿Qué se puede hacer para corregirlo?
